Honoring:
DAN KESSELBRENNER, Executive Director
National Immigration Project of the National Lawyers
Guild
Co-Author of *Immigration Law and Crimes***

For 32 years, Dan has led, and with his team, has built the National Immigration Project (NIP) of the National Lawyers Guild, into one of our nation's foremost defenders of immigrants' rights. Dan and the NIP's trainings, practice advisories, *amicus briefs*, and his treatise on Immigration Law and Crimes, have, decade after decade, helped countless attorneys win their clients' cases and bring them home. Although many of us are solo or small firm practitioners, when we have struggled against the vast resources of the federal government, it has been Dan and the NIP's tireless support which has consistently helped tip the balance in our clients' favor. Their litigation in the Circuit Courts, and before the Supreme Court, has resulted in precedent decisions which safeguard our clients' rights and ensure their fair treatment.

It is our privilege to Honor Dan and to recognize him for his lifetime of tireless advocacy, as he retires from his role as leader of the NIP. He will also share with us his reflections on 32 years in the struggle for immigrants' rights, and his view on the contours of that struggle in the years to come. Come celebrate with us as Dan passes the baton to the next generation of immigrant advocates.
