

Federal Bar Association

CAPITOL HILL DAY

Thursday, April 25, 2013

Plan to participate in this important event as FBA leaders from across the country meet with members of Congress to discuss important FBA legislative issues that impact the administration of justice and the federal courts. FBA Capitol Hill Day is becoming more popular each year. Don't miss out!

During meetings on Capitol Hill, FBA participants will advocate for: adequate funding for the federal courts, filling judicial vacancies promptly, and sufficient judgeships to render justice.

Participants in FBA Capitol Hill Day are responsible for scheduling their meetings with their Senate and House lawmakers in advance of the event. Feedback on these meetings will be distilled during the Group Debriefing at the end of the day.

Between meetings, participants will have the opportunity to visit the Senate and House galleries to witness floor action, as well as the Capitol Visitors Center.

Participants in Capitol Hill Day are responsible for their travel and lodging in connection with this event.
