Policy No. 7-2: Chapter Leadership Training

Approved By: Board of Directors
Date Approved: June 24, 2011
Date Effective: October 1, 2011

Policy:

The Federal Bar Association will conduct a Chapter Leadership Training Program (CLTP) in the spring of each fiscal year. The program will be 1½ days of programming geared toward incoming Chapter Presidents. The program will include tools, information, and networking opportunities needed by Chapter Presidents-elect to meet the challenges of an FBA chapter presidency.

Chapters will be encouraged to cover the costs associated with their President-elect’s attendance. The FBA believes the training is important enough that reimbursement will be offered when a Chapter is unable to fund the attendance of their President-elect. Each participant attending CLTP, regardless of Chapter size, will be eligible for up to two days per diem at the current rate as established by the Board of Directors. Travel reimbursement will be given for the lowest airfare available at a nonrefundable rate purchased 21 days in advance of the travel date.

Purpose:

To insure Chapter Presidents-elect are prepared for the challenges and commitment of becoming a Chapter President. The program will also act as an educational opportunity for chapter leadership to better understanding the national/chapter relationship and the resources supplied by the FBA.
