

CYBER SECURITY AND DATA BREACHES: PREVENTION, DETECTION, AND PROTECTION

Wednesday, December 4, 2019 5:00 - 7:00 PM: Presentation on Cyber Security and Potential Data Breach Issues
5:00 PM - 8:30 PM
Greenspoon Marder LLP
200 E. Broward Blvd. #1800
Ft. Lauderdale, FL 33301
7:00 - 8:30 PM: Cocktail Reception

The CACD, together with Greenspoon Marder and our colleagues from the Broward County, South Florida, and Palm Beach Chapters of the FBA, are honored to present a talk by experts and practitioners at the front lines of cyber security to help guide the modern lawyer through the looming threat of data breaches. The learned presenters will ultimately show the extent of the threat faced, and how best you as counsel can better prepare to prevent, detect, and protect from the aftermath of data breaches. This presentation should help you better protect your clients, your firms, and keep everything in the context of striking a balance between the legal ramifications and business interests of your clients.

Jason Manar, Supervisory Special Agent, Miami Division-Cyber Crime, Federal Bureau of Investigation

Kyle Loven, National Director, Computer Forensic Services

Lauren Pilkington-Rich, Assistant General Counsel for Raymond James Financial, Inc.
